The highly trained staff at Salse Chiropractic Center and United Physicians Health Institute is one of the secrets to the offices long-term success in the San Gabriel Valley. Each patient is treated like family and you will receive red carpet, four star customer service when you arrive. On your first visit, you will feel as though you are home with friends and family in a caring, healing and safe environment.

When you call to make your appointments, just ask for Claïressa or Michelle and they will be happy to help you.
